

DAILY RENTAL

EASILY CREATE, TRACK AND MANAGE RENTAL AGREEMENTS

Manage your vehicle rental business
within your Dealertrack DMS.

Daily Rental integrates with your Dealertrack DMS general ledger so you don't require a third-party solution. It includes complete accounting integration for rental income, taxes, insurance income, fuel charges and discounts.

Features and Benefits:

- Manage your complete rental business within your Dealertrack DMS.
- Easily classify rentals under insurance, retail, warranty, or loaners.
- Simplify rental management with reporting for open and closed rental contracts.
- Access real-time information anywhere with general ledger integration.
