

CREDIT CARD PROCESSING

PROCESS PAYMENTS SIMPLY
AND SECURELY THROUGH THE
DEALERTRACK DMS.

Dealertrack partners with Vantiv Integrated Payments to deliver integrated credit and debit card processing.

This PCI-compliant payment solution features Point-to-Point Encryption (P2PE). The Dealertrack DMS stores only non-sensitive data to perform the payment transaction while Vantiv handles all sensitive cardholder data, shifting the liability of credit card acceptance away from your dealership.

Features and Benefits:

- Vantiv is an industry leader in Payment Card Industry (PCI) and EMV compliant payment processing.
- Online reporting eliminates paper statements and allows for real-time views of transactions.
- Up-front, meet-or-beat pricing.
