

ENTIRELY SIMPLE, DEEPLY UNIFIED

Maximize profitability with a simple and integrated menu selling experience. F&I product selling is now a part of the connected car-buying experience – not a disjointed, dreaded extra step. Menu Selling on the Dealertrack uniFI™ platform appears inside each customer's deal jacket, enhancing the process and enabling dealers to sell the way they want to from one simple, flexible screen.

Features include:

- Get accurate quotes from providers in seconds
- Build a menu with fewer clicks
- Flexible media presentations – online, digital or print
- Agnostic presentations (multi-device)
- Display up to four Terms and APR options for all deal types
- One payment calculation throughout Dealertrack uniFI™
- Aftermarket products integrated into every step of the deal
- Remit/Submit to aftermarket providers digitally
