

# HARDWARE

## COMPETITIVELY PRICED AND BACKED BY EXCEPTIONAL SUPPORT

Our Certified Hardware program offers products that are pre-configured to work with the Dealertrack DMS.

Our DMS doesn't require proprietary hardware, but we do offer a certified hardware program to meet your dealership needs. We offer everything from laser printers and laptops to snap gear with Cisco routers and MICR check printers.

### Features and Benefits:

- All hardware is tested to work with the Dealertrack DMS.
- Pre-configured products speed installation, leaving more time for training.
- Enjoy maximum uptime and comprehensive support.
- Our support teams product knowledge leads to fast resolution of problems.
