Features and Benefits

Logbook puts powerful transaction and workflow management tools at your fingertips for fast, accurate, and compliant processing.

User-inspired Single-Page Transaction layout minimizes disruptive page-switching for an organized, efficient workflow.

Intuitive navigation tools help streamline page navigation and keep data within reach.

DMS Import reduces repetitive keystrokes and manual data entry, while Automated Data Validation virtually eliminates critical data errors before transmittal.

Centralized TOP Management with system- or user-assigned TOP inventory to better fit your unique workflow.

NMVTIS Inquiry integrated within transaction workflow or available as stand-alone transaction, with Inquiry Log for digital record-keeping of inquiry results.

Dealertrack Forms Service™ provides transaction-specific forms that can be auto-completed electronically.

Training and Support

Winner of the Omega NorthFace ScoreBoard AwardSM three years in a row for achieving excellence in customer satisfaction for technical support and exceeding customer expectations.

First-call/same-day case resolution of many complex issues thanks to our direct access to motor vehicle personnel in all 50 states.

Continuous education and training available through remote and onsite training, webinars, an extensive online knowledge base, and more.
