Features and Benefits

User-inspired layout minimizes transaction times for a fast, efficient workflow.

DMS Import reduces repetitive keystrokes and manual data entry, while Automated Data Validation virtually eliminates critical data errors before transmittal.

Estimate motor vehicle fees and taxes within the application.

Automated Clearing House (ACH) payments virtually eliminate checkwriting and streamline payment and accounting processes.

Access forms and Parish-specific tax information, eliminating the need for third-party sources.

Integrated Cancel Plate and Temporary Tag transactions for greater workflow flexibility.

Perform vehicle inquiries from within the application.

Training and Support

Winner of the Omega NorthFace ScoreBoard AwardSM three years in a row for achieving excellence in customer satisfaction for technical support and exceeding customer expectations.

First-call/same-day case resolution of many complex issues thanks to our direct access to motor vehicle personnel in all 50 states.

Continuous education and training available through remote and onsite training, webinars, an extensive online knowledge base, and more.
