

## DEALERTRACK OHIO TITLE

### The flagship title processing solution for Ohio dealers.

Your processes and workflows are unique – and it's critical that the title processing solution you choose is flexible to fit how your dealership does business. Dealertrack is dedicated to offering solutions and services that are easy to implement, simple to use every day, and powerful enough to help keep you at the peak of productivity.

Dealertrack Ohio Title combines our flagship, user-inspired title processing workflows with powerful transaction management tools and best-in-class service and support. The result is a title processing solution that helps keep you focused, productive, and compliant with state requirements.

Dealertrack has been a trusted partner with the Ohio Bureau of Motor Vehicles since 1999.

## Product Details

---

### Save keystrokes, save time

DMS Import helps reduce repetitive data entry for shorter processing times and improved data accuracy.

### A more unique DMS experience

Custom field mapping, batch transaction import, and write back functionality help our solutions support your DMS and the way you do business.

### Simplify your process

Single-page, single-column workflow helps organize information for more efficient data entry and page navigation.

### Stay in tune with your business

A robust suite of standard and customizable transactional and financial reports helps keep you apprised of your daily activities.

### Take control of your process

Logbook provides at-a-glance status of transactions in-process, with Deal Alerts that show title status changes from submitted, approved, rejected and voided.

### Best-in-Class remote support

A team of knowledgeable professionals available during your business hours – when you need them – to answer your questions about Dealertrack solutions and OH BMV requirements.

### Training that fits your schedule

Access Frequently Asked Questions (FAQs) and User Guides to help keep you focused and productive, or request onsite/remote training support with locally-based OH Title specialists.
