

## New Jersey Temporary Tag (NJ EZ-Temp)

# Process and issue temporary tags when you need them.

Get your customers on the road faster with the Dealertrack New Jersey Temporary Tag (NJ EZ-Temp).

Issuing temporary tags has never been this easy!

The Dealertrack NJ EZ-Temp enables you to process, print and issue temporary tags from the convenience of your office location online, in real-time. This user-friendly application integrates smoothly into your current workflow and helps to ensure faster, easier and more accurate transactions.

The NJ EZ-Temp provides the features you need to provide your customers with the best service possible. DMS Import and fewer screens to navigate help to streamline data entry and improve efficiency. Save transactions, recall and print at a later date. Summarize daily activity with Transaction Detail reporting, and virtually eliminate check writing with ACH payment.

Put our decades of experience and industry-leading technology to work for you today.

### Features and Benefits:

- **Secure** – Transmit confidential data safely and securely.
- **Accurate** – Reduce repetitive data entry and improve accuracy with DMS Import.
- **Fast** – Process transactions in real-time and issue materials on-the-spot.
- **Convenient** – Extend, reprint or void temporary tags from within the application.
