

Collateral Management Services for Lenders

The fastest, easiest route to full life cycle vehicle title administration.

With 30+ years of expertise in optimizing vehicle title management our total title services solution streamlines in-house operations by performing all lien perfection and title administrative tasks — for paper and electronic titles.

We consolidate paper and electronic workflows into a single process that works across all states, and we safeguard all paper titles within our secure vaults — helping you save time and money.

Gain operational efficiency by joining the more than 6,500 lending clients, including many of the nation's largest banks, credit unions, captive finance companies and independents, who trust us to manage their 60 million titles.

Features and Benefits:

- **Secure** – Transmit confidential data safely and securely.
- **Automated** – Reduce manual title/account data matching and conserve resources.
- **Fast** – Perfect liens faster, and enable more effective lien release.
- **Efficient** – Reduce or eliminate title receipt, storage, and retrieval costs.
