

Profitable Transactions. Simplified.

Dealertrack North Carolina In-State Registration & Title Solution

Your Complete Solution

- Process titles and registration for cars, trucks, motorcycles, power sports and trailers.
- Save your dealership time and money with a live, electronic connection to the North Carolina DMV that helps you submit transactions in under 4 minutes.¹
- Eliminate manual check writing with ACH transfers.
- Gain the flexibility to pass through processing costs to customers in excess of the state fees.
- Manage inventory of hard plates and stickers.

Workflow Efficiencies

- Submit in-state transactions 35% faster with DMS integration.²
- Get real-time deal status updates.
- Order and purchase temp tags within the solution.
- Journal writeback to DMS (CDK, Dealertrack or Reynolds & Reynolds).
- Robust logbook to track deals.

Accuracy & Reliability

- Calculate exact taxes and fees.
- Catch issues as you work with accuracy checking.
- Access void function in the app, if needed.
- Help ensure compliance with pushed updates of forms, taxes and fees.
- Gain visibility to title history and protect your dealership and customers with NMVTIS inquiries.

Only on Dealertrack

- Deal Alerts feature.
- “Show Me How” self-help tool.
- One set of login credentials for multiple-store processors.
- Inventory Alerts settings.
- Unparalleled customer service provides responsive support and fast resolution times.
