

Registering for a Cox Automotive Bridge ID

Introduction

Cox Automotive Bridge ID allows you to link your existing product solution login to a new account that becomes your single sign-on gateway to all your Cox Automotive solutions. Cox Automotive Bridge ID also allows you to access your applications using one universal login. As new Cox Automotive solutions become available, you will be able to register, link, and access each of your Cox Automotive solutions using Bridge ID. Once you log in with your Bridge ID, you can easily switch between your Cox Automotive solutions in just 2 clicks from the Solution Switcher.

This document demonstrates how to register for a Cox Automotive Bridge ID.

Solutions available on Bridge ID are Dealer.com, Dealertrack DMS, Dealertrack F&I, Homenet IOL, Registration and Titling – Connecticut, vAuto, VinSolutions and Xtime.

- After logging into your Cox Solution, you will see the ability to register for a Bridge ID.
- Please refer to how the option to register will appear within each of our participating Cox solutions.

Additional Cox Automotive Solutions will be available for merging with your Bridge ID in the near future. Stay tuned...

Note: This will be your new login page for your Cox Solutions. It is recommended that you bookmark this page for future use.

- You will now see a new bar at the top of your application. This is called the Bridge ID Bar.
- On the Bridge ID Bar is a square icon. This is called the Solution Switcher. The Solution Switcher will allow you to quickly switch between product solutions.

Note, you will only see the solutions you have registered for through self-registration.

- When clicking a solution from the drop down, the solution will open in a new tab. This will allow you to easily toggle between your solutions.
- If you are a DIO / Administrator, you will see a USER ADMIN option to manage your Bridge ID users.

- By clicking on your name within the Bridge ID Bar, you will see the ability to Change Password and Log Out.
- When you click Log Out, it will log you out of all your solutions you are logged into with your Bridge ID.
