

Virginia Online Registration System (VA-OLRS)

A people-driven solution for online registration and titling.

Minimize paperwork and maximize results with the Dealertrack Virginia Online Registration System (VA-OLRS).

The VA-OLRS is the only registration and titling application in the marketplace developed with the direct involvement of dealers throughout the Commonwealth. We've taken the time to understand both you and your process, and your input has helped us to deliver the application you deserve.

Online, real-time registration and titling is just the beginning – issue temporary tags from your desk, manage inventory and track deals in process, all from one application. The VA-OLRS is a user-friendly application that integrates smoothly into your workflow and helps to streamline your process, saving you time and money.

And, the VA-OLRS is exclusively endorsed by both the VADA and VIADA.

Put our decades of experience and industry-leading technology to work for you today.

Features and Benefits:

- **Secure** – Transmit confidential data safely and securely.
- **Accurate** – Reduce repetitive data entry and improve accuracy with DMS Import.
- **Fast** – Process transactions in real-time and issue materials on-the-spot.
- **Efficient** – Calculate exact fees and taxes, and reduce overages/shortages.
