

Is your funding speed up to speed?

Digital Document Services

The numbers are staggering: 108 million Americans had car loans in 2017,¹ and 85% of all car purchases that year were financed.² That's a lot of paper for lenders to contend with.

Expedite your funding turnaround with 99% data accuracy guaranteed.³ Dealertrack Digital Document Services provides same-day contract processing, every day — regardless of your contract volume — so you can fund faster and stay top-of-mind with your dealer partners.

¹ Household Debt and Credit, 2017 Q4, Federal Reserve Bank of New York, Feb 2018

² State of the Automotive Finance Market: A Look at Loans and Leases in Q1 2018, Experian

³ Data entry accuracy determined on a weekly basis through review of random sampling of contracts per lender and as outlined in Lender agreement.

End inefficiency, break bottlenecks, drive more revenue
